One other announcement: We work hard to keep our slides updated each year. Dr. Debra and I found some things yesterday evening left out that are important, so I want to point that out to say, if you had already saved or printed your slides, you may notice (especially in class #4) that your copy differs from what we are covering. Feel free to print out again as needed. Its primarily 78-81. And for some reason the image wasn't showing up for the web of entrapment so we've fixed that (slide 42).

The updated version is up on the course webpage!

We have to let them know we're there for them no matter if they stay or leave.
