11:44:10 From Keri Drowatzky : Nichelle, this is Keri Drowatzky. I'm originally from Wichita Ks. Been living in Bartlesville OK for 12 yrs. What part are you living in?

11:45:30 From joy forrest : In most cases those things aren't a crime

11:45:46 From Amy Marcum : Just finished jury duty on a public trial in louisville. Basketball coach had groomed and sexually abused boys through coercive control and Spiritual abuse. Horrific. I kept

Feeling close to the situation (my boys in bball and their coach may have been coached by this guy many many years ago). I kept wondering if I might have to tell judge and get off jury. BUT I wanted to stay because I believed these boys' testimony and understood the covert abuse tactics that were happening. I wanted them to be heard and believed. So hard for a 20 something to go on stand and tell about sexual abuse .

Man was convicted praise God. Should spend much of the rest of his life confined. He was a predator.

11:45:52 From Helenmary Brown : I would also like to work with two doctors on getting Coercive Control physical impacts designated as an official medical diagnosis. They recognized it in me--the overall symptoms of abuse and neglect. It would have been a misdiagnosis for me of "heart failure" or "respiratory failure" when the root cause was CC abuse. My Doctor said "You can kill someone and never lay a hand on them." He knew that was happening to me.

If they are showing coercive control it's - by definition - a pattern of power and control. In that case you need to steer clear.

12:19:28 From Kendra Thurman : But understand this, that in the last days there will come times of difficulty. For people will be lovers of self, lovers of money, proud, arrogant, abusive, disobedient to their parents, ungrateful, unholy, heartless, unappeasable, slanderous, without self-control, brutal, not loving good, treacherous, reckless, swollen with conceit, lovers of pleasure rather than lovers of God, having the appearance of godliness, but denying its power. 13:04:43 From JUDITH VADER : I believe what is so very hard is helping our survivors and church leaders to understand the pure evil that can be present in a well liked person in the church or in the marriage. So often the ladies I walk with struggle (just like I did) that if they could only explain things better....etc. The actual evil is so HARD for others to acknowledge. The evangelical church has such a problem with this because of the push for grace and for the hope that God will change that person. So much becomes so simplistic.
